

Technical Data:

Brand:	Mayer
Machinery – Model:	Bale Breaker
Series:	6030
Length/ Width/ Height:	2700/ 1050 / 2100 mm
Working height:	1100 mm
Weight:	370 Kg
Power connector:	400V/50Hz, 5-polig
Power consumption:	1,5 kW
Size of bales:	up to 300 Liter
Capacity:	30 bis 35 bales á 300l/h
Emission figure relating to the workplace:	70 dB (A)

Description:

- Gentle processing & loosening of the substrate
- Homogeneous substrate results of almost original structure
- Durable and low-maintenance machine with low maintenance costs
- Mobile bale breaker with optimum handling and maximum working efficiency
- Mobile bale breaker with optimum handling and maximum working efficiency
- Possibility to automate the substrate supply of bales by optional roller conveyor
- Easy to integrate in existing machine lines, also in combination with many third-party products

Thanks to an extensive assortment of accessories we are in a position to offer you customised solutions for special purposes.
