

Potting machine TM 2040

mayer

Technical data:

Brand:	Mayer
Machinery- model:	Potting machine
Series:	TM 2040
Length/ width/ height:	4800/ 2200 / 2400 mm
Weight:	2450 Kg
Power connection:	400V/50Hz, 5-polig
Capacity of the soil hopper:	5 m ³ (with extension)
Pot sizes (round)	12 to 40cm Ø
Pot sizes (square)	10 to 22cm Ø
Production speed:	up to 2.000 pots/ hour

Description:

- Robust and durable potting machine with strengthened chassis for use in tree nurseries
- Very low construction for optimal working ergonomics and employee satisfaction
- Innovation and prize-winning pot magazine Potjet 2 for separating round and square pots
- Travelling support for additional substrate (especially suitable for bare root plants)
- Stainless steel console as well as stainless steel blades with forward and backward running
- Synchronized movement of pot magazine, turntable and drill rig
- Linear motors to reduce wear and tear as well as power consumption
- Particularly quiet operation due to linear motors
- Separately controlled drilling unit for wear reduction of the drive unit on the turntables
- Comfortable operation via touch screen and electronic remote maintenance via Ethernet

Thanks to an extensive assortment of accessories we are in a position to offer you customised solutions for special purposes.
